

The Lady and the School

By Karen Adams
New Holland

There was a lady who lived in a school
With so many students she didn't know what to do
They came from all over: north, south.
East and west, too.
One day she prayed, "Lord, show me what shall I do?"
The Lord replied, "Do not worry
For your needs are supplied."
So the blessings of the Lord came down
and buildings were found.
Now this lady prays for her students each day
that they will listen to the Lord always.
In this school the students hear
that God's mighty word is true.
After two years graduation arrives,
and it makes each student happy inside.
Some will become pastors, evangelists,
Teachers, missionaries, too.
But one thing they are taught
is to follow the Lord through and through.
