

Your Presence

By Venitia Crowelle

I see you in the sunset,
I see your beauty in the moon,
I hear the children's laughter,
Your love has filled the room!

I see you in the Rainbow
Arched High up in the sky,
I hear your voice when the Birds sing
Their awesome lullaby!

I feel you when the raindrops
Fall from the tears you cry;
I put my trust in you,
For all my needs you provide!

Lord, I feel your presence near me
When the Butterflies gracefully dance,
I want to sit and talk with you
If given just one chance!

I asked for your forgiveness
For all the wrong I've said and done,
I'd tell you how much I love you
For you are our Father's Son!

I'd thank you for your Grace
And all that you do,
I'd praise your name continuously,
and bow down in front of you!

I'd Thank You for your Blessings,
In return, I'll love everyone,
Lord, this would be my proof
your will on earth's being done!

I'd lay my head upon your chest
And there I'd want to stay;
I'll live my life serving you
every single day!

I'd wrap my arms around you
To feel your loving touch,
My mind, my spirit, my soul
Thanks you,
For loving all of us so much!
